Monday, June 10th 2024

Auditorium César Roux
CHUV, Rue du Bugnon 46
Lausanne, Switzerland

Unil
UNIL | Université de Lausanne

The neuroscience of Coma and Disorders of Consciousness: Combining behavioral phenotyping with functional and structural brain imaging

13:30 Introduction & chair

Professor Karin Diserens, CHUV-UNIL, Lausanne, Switzerland

13:45 Using DoC to theorize consciousness

Professor Lionel Naccache, Sorbonne University, Paris, France

14:15 Gap Analysis

Professor Joseph Giacino, Spaulding Rehabilitation Hospital, Harvard Medical School, USA

14:45 Treatment trials in DoC: Challenges and future directions

Professor John Whyte, Moss Rehabilitation Research Institute, Pennsylvania, USA

Chair : Professor Philippe Ryvlin, Chef du Département des neurosciences cliniques, CHUV, Lausanne

15:15 IA and facial analysis in DoC

Professor Robert Stevens, together with an IA specialist, John Hopkins University, USA

15:45 Round table:

Chair Professor Michael Diringer, Washington University School of Medicine St-Louis, USA

16:15 Break

16:30 Allocutions

Professor Philippe Ryvlin, Professor Renaud Du Pasquier, Professor Nicolas Demartines

17:00 Research & results in clinical practice - Acute neurorehabilitation of DoC

The NRA team & Professor Karin Diserens, CHUV-UNIL, Lausanne, Switzerland

18:00 Allocutions

Professor Marc Levivier, Professor Jean-Daniel Chiche, Mr Antonio Racciatti, Head of Human Resources, CHUV

18:15 Musical Allocation

NRA Team & Loric Berney, directeur administratif, DNC

From 18:30 *Apéritif dinatoire avec plaisirs neurosensoriels gustatif et musical incitant à la motricité dansante*
