INVITATION

Dear colleagues

The SSAPM Congress committee is thrilled to formally invite you to the upcoming SwissAnaesthesia 2023, which takes place from November 2-4, 2023, at Beaulieu in Lausanne. The conference is a joint event of the SSAPM and the Swiss Association of Nurse Anesthetists (SIGA-FSIA). The conference promises to be an engaging and insightful event, bringing together anesthesia experts, professionals, and enthusiasts to discuss various aspects of this year's main topic, "Efficiency, Professionalism, and Innovation in Anesthesia."

It's my pleasure to provide a brief overview of the preliminary program. On Thursday morning, you are invited to attend captivating refresher courses covering essential aspects of anesthesia and perioperative care, followed by industry symposia, poster presentations, and free communications providing insights about current research topics and developments in the field. In the afternoon, satellite meetings of the interest groups SARA, SACTA, ASOBA, SGKA, and SAOA will be held in parallel to a mini-symposium in pain medicine and a workshop for residents for their optimal preparation for the oral anesthesia exams. In the evening, during the Get Together at the legendary SwissAnaesthesia Bar, the Best Presentation Awards, the Best Paper Award, and the Research Fund will be announced.

On Friday, excellent national and international speakers will share their knowledge about aspects of "Efficiency," "Professionalism," and "Innovations" in Anesthesia in their keynote lectures, while SIGA-FSIA workshops will cover leadership, intravenous catheters, and simulation training on the wards. The SSAPM and SIGA-FSIA General Assemblies will be held between 10:30 AM and noon. While the conference is in English, the General Assembly of the SSAPM will remain in German and French, along with a simultaneous translation service. The SIGA-FSIA workshops will all be simultaneously translated German-French.

On Saturday, insightful workshops will be offered. An appealing social program accompanies the entire conference. Your participation and contribution will significantly enrich the discussions at the meeting.

I would like to thank the entire conference committee members for creating this year's scientific program and our industry partners for their support, contributions, and symposia during SwissAnaesthesia 2023. Finally, I would like to thank the entire BBS Congress team for their support, spirit, and expertise in setting up this year's meeting.

Prof. Dr. Martin Schläpfer
President of the SSAPM Congress Committee

Evaluation of the congress

Exhibition

The SSAPM and the SIGA-FSIA extend their sincere thanks to all the companies that contributed to the success of the conference and are present with a stand in the exhibition. The exhibitors are listed on page XXX

Opening hours industry exhibition

Nov. 3	08h45 – 19h30
Nov. 4	08h00 – 17h30

GENERAL INFORMATION

Fees

Nov. 3 & 4 **until Oct. 16** **from Oct. 17**

Members SSAPM

Medical specialists	250 CHF	300 CHF
Interns (MD in postgraduate formation)	150 CHF	200 CHF

Non-members SSAPM

Medical specialists	450 CHF	500 CHF
Interns (MD in postgraduate formation)	250 CHF	300 CHF

Nurses

Members SIGA-FSIA	150 CHF	200 CHF
Non-Members SIGA-FSIA	250 CHF	300 CHF

Day passes

Nov. 3 or Nov. 4 **until Oct. 16** **from Oct. 17**

Members SSAPM

Medical specialists	140 CHF	190 CHF
Interns (MD in postgraduate formation)	90 CHF	140 CHF

Non-members SSAPM

Medical specialist	240 CHF	290 CHF
Interns (MD in postgraduate formation)	140 CHF	190 CHF

Nurses

Members SIGA-FSIA	90 CHF	140 CHF
Non-Members SIGA-FSIA	140 CHF	190 CHF

* MD in postgraduate formation to the specialist's title in anaesthesiology

Workshops, Nov. 5

ERC-ALS Refresher Course	325 CHF
EEG - the ECG of the brain (180 Min.)	100 CHF
Intraoperative medical emergency (90 Min.)	50 CHF
Case management in perioperative medicine – recent challenges (90 Min.)	50 CHF
Case discussions (90 Min.)	50 CHF
eGENA (90 Min.)	50 CHF
ERAS (90 Min.)	50 CHF

The number of participants per workshop is limited - please register for the workshops you'll want to attend.

Language

Congress language is English.

The General Assemblies of SSAPM and SIGA-FSIA and the SIGA-FSIA Workshops will be held in German or French and simultaneously translated into the respective languages.

Questions for the speakers

Please use the QR code printed in the program at the sessions to ask questions to the speakers.

Programme

The congress program is available in PDF format on the congress website and is continuously updated. The printed programs will be available at the congress secretariat and will not be sent out in advance.

Realisation

The congress will take place as a pure attendance event on site.
No lectures will be transmitted online.

Registration

Programme overview

Symposium Swiss research in perioperative medicine

Perioperative interventions – from research to clinical practice

- 09h30 Introduction
B. Walder, Genève
- 09h45 Obstructive sleep apnoea syndrome and postoperative surveillance
E. Albrecht, Lausanne
- 10h15 Consequences of optimal intraoperative hypotension treatment
M. Filipovic, St.Gallen
- 10h45 Relevance of the treatment of perioperative tachycardia
B. Bollen Pinto, Genève
- 11h15 Prehabilitation and postoperative outcome
P. Wüthrich, Bern

09h30 – 11h45

Refresher courses

09h30 – 10h05

Refresher course I

Chair: XXX

Anaesthesia and high risk pregnancy
T. Girard, Basel

09h30 – 10h05

Refresher course II

Chair: XXX

Update on polytrauma guidelines in children
M. Lehner, Luzern

09h30 – 10h05

Refresher course III

Chair: XXX

How to treat the chronic pain patient perioperatively
T. Schneider, XXX

09h30 – 10h05

Refresher course IV

Chair: XXX

Learnings from Swiss closed claims
B. Rehberg-Klug, Genève

10h05 – 10h20

Break

10h20 – 10h55

Refresher course V

Chair: XXX

Anaesthesia and high risk pregnancy
T. Girard, Basel

10h20 – 10h55

Refresher course VI

Chair: XXX

General anesthesia in a patient with pulmonary hypertension
R. Schüpbach, Zürich

10h20 – 10h55

Refresher course VII

Chair: XXX

Preoperative gastric ultrasound
M. Filipovic, Bern; S. Bättig, Winterthur

10h20 – 10h55

Refresher course VIII

Chair: XXX

Learnings from Swiss closed claims
B. Rehberg-Klug, Genève

10h55 – 11h10

Break

11h10 – 11h45

Refresher course IX

Chair: XXX

Concepts for sustainability in the OR
S. Meyer, Zürich

11h10 – 11h45

Refresher course X

Chair: XXX

General anesthesia in a patient with pulmonary hypertension
R. Schüpbach, Zürich

11h10 – 11h45

Refresher course XI

Chair: XXX

A-CERT
C. Hofer, Zürich

11h10 – 11h45

Refresher course XII

Chair: XXX

What makes a good exam?
G. Savoldelli, Genève; M. Schuerch, Glarus; M. Dolci, Lausanne

11h45 – 13h15

Lunch in the exhibition

12h00 – 13h00

Poster tour

12h00 – 13h00

Industriesymposium MSD Merck Sharp & Dohme AG

Improving peri-operative safety and outcome

Intro

P. Schoettker, Lausanne

Post-op pulmonary complications: a major challenge in patient recovery

L. Saager, Göttingen (D)

Improving peri-operative safety and outcome - a surgeon's perspective

F. Ris, Genève

12h00 – 13h00

Industriesymposium OM Pharma

A matter close to heart and brain: blood pressure targets, you decide!

Chair: N. Peters, Zürich

Abdominal aortic aneurysm - playful blood pressure adjustments: case presentation

P. Fodor, Zürich

Blood pressure management in patients with acute brain injury: case presentation

G. Brandi, Zürich

Q&A

Final remarks

N. Peters, Zürich

12h00 – 13h00

Industriysymposium Labatec

Hypertensive Emergencies

Chair: M. Siegemund, Basel

Opening

M. Siegemund, Basel

Introduction to hypertensive crisis

A. Rudiger, Schlieren

Clinical management of hypertensive crisis

J-D. Chiche, Lausanne

Q&A

Wrap up

M. Siegemund, Basel

13h15 – 14h15

Oral presentations of best abstracts

13h15 – 14h15

Oral presentations I

Chairs: XXX

13h15 – 14h15

Oral presentations II

Chairs: XXX

14h30 – 18h00

Swiss Association of Regional Anaesthesia and Analgesia (SARA)

A glimpse into the future of Regional Anesthesia: different paradigms of education & new technologies

14h30

Greetings from the President & introduction
A. Saporito, Bellinzona

Education session

Chair: M. Sluga, Freiburg

14h45

Entrustable Professional Activities (EPA) – a booster for Regional Anaesthesia training?
A. Marty, Zürich

15:15

The European Diploma of Regional Anaesthesia and the education of Regional Anaesthesia abroad
J. Aguirre, Zürich

15h45

Simulation in Regional Anaesthesia
R. Zürcher, Basel

16h15

Q&A

New technologies session

Chair : S. Grape, Sion

16h30

AI and Regional Anaesthesia
A. MacFarlane, Glasgow (IRL)

17h00

Nerve localisation and safety monitoring for PNB
A. Sauter, Oslo (N)

17h30

Q&A

18h00

General Assembly SARA

17h45 – 19h30

Get together & award ceremony (18h45) at the SwissAnaesthesia Bar in the exhibition

14h30 – 18h30 **Swiss Association of Cardiovascular and Thoracic Anaesthetists (SACTA)**

14h30 Welcome by SACTA Board

Interactive case presentations

Chairs: E. Mauermann, Basel; G. Erdoes, Bern

14h40 A cardiac emergency in the delivery room
A. Rist, Zürich

14h55 Haemorrhagic vs thrombotic risk
T. Cassina, Lugano

15h10 Unconventional Journey: The Vanishing Left Ventricular Thrombus.
M. Cribari, Zürich

15h15 Break

Research project presentations

Chairs: A. Rist, Zürich; T. Cassina, Lugano

15h40 Traumatic injuries after manual and mechanical compression during cardiopulmonary resuscitation, a retrospective cohort study
M. Nafi, Lugano

16h05 Pressure-Volume Loops at the click of a button...not quite, but we are getting there
E. Mauermann, Zürich

16h30 Selective antegrade cerebral perfusion in aortic arch surgery: what to flow?
- a single-centre observational study
J-O. Friess, Bern

17h45 – 19h30 Get together & award ceremony (18h45) at the SwissAnaesthesia Bar in the exhibition

14h30 – 18h00	Association of Swiss Outpatient Based Anaesthesiologists (ASOBA) <i>Chairs: M. Lang, Baden; M. Preuss, Oftringen; L.Holzinger, Winterthur</i>
14h30	Welcome
14h35	Preoperative Fasting in Children – New Recommendation <i>A. Schmitz, Zürich</i>
15h05	Discussion
15h15	Ambulatory Anaesthesia in Elderly Patients – Benefit or Risk ? <i>R. Kiefmann, München (D)</i>
15h45	Discussion
16h00	Break
16h15	Gesundheitspolitik: Lust und Frust der letzten 20 Jahre – wo steht die Politik an <i>R.Humbel, Birmenstorf</i>
16h45	Discussion and closing remarks
17h00	General Assembly ASOBA
17h45 – 19h30	Get together & award ceremony (18h45) at the SwissAnaesthesia Bar in the exhibition

- 14h30 – 17h45 **Swiss Society for Paediatric Anaesthesia (SGKA-SSAP)**
- Session 1- Regional anesthesia in children**
- Chairs: M. Schneider, Zürich; F. Bonhomme, Genève*
- 14h30 New kids on the bloc
A. Sauter, Oslo (N)
- 14h55 Caudal analgesia: past, present and future
V. Falcicola, Genève
- 15h20 Regional anesthesia in children with neurological disorders
P-A. Lonnqvist, Stockholm (S)
- 15h45 Coffee Break
- 16h15 **Session 2 - Pediatric Anesthesia Curriculum: dreams, facts and hurdles**
- Chairs: A. Schmitz, Zürich; L. Vutskits, Genève*
- 16h15 Pediatric Anesthesia curriculum: lessons from the New World
J. L. Lockman, Pennsylvania (USA)
- 16h40 Pediatric anaesthesia training in Europe: can we get three?
E. Schindler, Bonn (D)
- 17h05 Scandinavian Pediatric Anesthesia Curriculum: a success story?
tba
- 17h30 Round Table (all speakers)
- 17h45 – 19h30 Get together & award ceremony (18h45) at the SwissAnaesthesia Bar
in the exhibition

14h30 – 18h00	Swiss Association of Obstetric Anaesthesia (SAOA)
14h30	Welcome <i>G. Savoldelli, Genève</i>
	Informed consent before obstetric analgesia and anesthesia: Quo vadis?
	<i>Chair: G. Savoldelli, Genève</i>
14h35	An institutional perspective: the Geneva experience. <i>G. Haller, Genève</i>
14h55	Closed claims in OB anesthesia and their relationship with informed consent <i>tbd</i>
15h15	Legal obligations in Switzerland <i>T. Gruberski, Basel</i>
15h35	Discussion
15h50	Break
	Best practice in case of regional anesthesia failure
	<i>Chair: A. Melber, Rothrist</i>
16h15	Failed epidural or spinal in OB anesthesia: can I repeat the block? Do I have to wait? What are the risks? How to do it? <ul style="list-style-type: none">• Clinical cases with interactive voting• What does the literature say?• Let's revote one more time!• Discussion with a view to an SAOA statement <i>T. Girard, Basel; G. Savoldelli, Genève</i>
17h15	Closing remarks <i>G. Savoldelli, Genève</i>
17h30	General Assembly SAOA
17h45 – 19h30	Get together & award ceremony (18h45) at the SwissAnaesthesia Bar in the exhibition

Thursday, Nov. 2, 2023

14h30 – 16h00

Symposium on pain medicine

Chair: W.Ruppen, Basel

Nurse empowerment in acute pain therapy
L. Vetter Räss, Luzern; S. Burki, Stans

Chronic pain in ICD-11: relevance for insurance and worker's compensation
in Switzerland
S. Genevay, Genève

PrePaC: Biopsychosocial prevention of pain chronification
K. Streitberger, Bern

16h15 – 18h30

Round Table: Transitional Pain Services (TPS) in Switzerland: Current situation and future development

Chair: W.Ruppen, Basel

16h15

Development of a TPS in Lugano
M. Binda, Lugano

16h25

Development of a TPS in Basel
S. Chettata, XXX

16h35

Development of a TPS in Geneva
B. Rehberg, Genève

16h45

Discussion

17h45 – 19h30

Get together & award ceremony (18h45) at the SwissAnaesthesia Bar
in the exhibition

08h20	Welcome <i>M. Schläpfer, Zürich</i>
08h30 – 10h00 Hall Sydney	Main topic I - Efficiency <i>Chairs XXX</i>
08h30	How to run anaesthesia efficiently in the OR? <i>T. Sieber, Chur</i>
09h00	What can be learned from outpatient anaesthesia to improve workflows? <i>C. Hofer, Zürich</i>
09h30	Measuring and improving performance and patient experience in anaesthesia <i>J.J. Pandit, Oxford (UK)</i>
10h00 – 10h30	Break in the exhibition
10h30 – 12h00 Hall Sydney	General assembly SSAPM
12h00 – 13h30	Lunch in the exhibition

12h15 – 13h15

Industriesymposium – AstraZeneca

Welcome and Introduction

P. Schoettker, Lausanne

DOACs in Anaesthesiology – What do I need to know?

E. Scala, Lausanne

Shifting the treatment paradigm for ICH – From single cases to RCTs.

B. Volbers, Bern

Antidotes for DOACs – Do we really need them?

P. Fontana, Genève

Plenary Discussion and Closing Remarks

P. Schoettker, Lausanne

12h15 – 13h15

Industriesymposium – Edwards Lifesciences

How blood pressure monitoring and predictive advanced hemodynamic monitoring can help avoid hypotension? New evidence.

Speakers

K. Kouz, Hamburg-Eppendorf (D); M. Flick, Hamburg-Eppendorf (D)

13h30 – 15h00 Hall Sydney	Main topic II - Professionalism <i>Chairs XXX</i>
13h30	Swiss Airway Algorithm <i>C. Balmer, Sion</i>
14h00	Human factor in perioperative practice <i>M. Kolbe, Zürich</i>
14h30	State of the art ventilation <i>G. de Abreu, Cleveland (USA)</i>
15h00 – 15h45	Break in the exhibition
15h45 – 17h15 Hall Sydney	Main topic III - Innovation <i>Chairs XXX</i>
15h45	Artificial Intelligence in perioperative medicine <i>R. Liessner, Dresden (D)</i>
16h15	Robotics for airway management <i>A. Fuchs, Bern</i>
16h45	The future of anesthesia monitoring <i>D. Tscholl, Zürich</i>
17h15	End of SwissAnaesthesia 2023 <i>M. Schläpfer, Zürich</i>
18h30	Congress dinner at the XXX

09h00 – 10h00

Leadership: sharing is caring

Moderation: C. Varga, XXX

S. Heine, Basel; R. Vonmoos, Aarau; N. Krestan, Bern; S. Bauer, XXX

10h00 – 10h30

Pause in der Ausstellung | Pause dans l'exposition

10h30 – 12h00

Hauptversammlung - Assemblée générale SIGA-SIGA

12h00 – 13h15

Mittagspause in der Ausstellung | Pause de midi dans l'exposition

13h15 – 14h15

**Die Gesamtpalette intravenöser Katheter nutzen
Utiliser la gamme complète de cathéters intraveineux**

S. Ständer, XXX; B. Hardmeier, XXX; K. Bosshart, XXX

14h30 – 15h30

Workshop

Simulationstraining auf der Anästhesieabteilung – Aufbau und Stolpersteine
Entraînement de simulation dans le service d'anesthésie - mise en place et obstacles à éviter

Y. Balmer, Bern

Workshops

08h30 – 11h30
Hall Londres AB

ERC-ALS Refresher Course (german)
(with certification or recertification; details on page XXX)
Organised by BeSiC

08h30 - 12h00

ERC-ALS Refresher Course (german, french, english)
(with certification or recertification; details on page XXX)
Organised by BeSiC

ERC-ALS refresher course with confirmation or recertification

Goals

The participants repeat the extended measures of resuscitation according to the current guidelines of the European Resuscitation Council (ERC).

They:

- know the basic and advanced life support (BLS and ALS) algorithm
- perform high-quality chest compressions and ventilation
- assess the critically ill patient according to the ABCDE scheme
- recognise and treat peri-arrest arrhythmias
- recognise and treat selected circulatory situations
- use the automated and manual defibrillator appropriately and safely
- maintain self-protection through the use of appropriate equipment
- lead an advanced resuscitation as a team leader
- know the importance of non-technical skills to ensure the effectiveness and efficiency of teamwork
- know the basic measures of post resuscitation care

Target group

Doctors, qualified nurses from the critical care fields, qualified paramedics and medical students from the 5th year of study onwards.

Additional information / Preparation

Prerequisite: BLS and AED (automated external defibrillator) knowledge according to current guidelines or a valid ERC-ALS provider status.

Preparation: Self-study via e-learning or ALS manual (will be released to the 2 weeks before the course).

Special: The professional societies SSAPM, SGNOR-SSMUS, SGAIM-SSMIG and SGK-SSC will each award 2 credits.

Course confirmation / Certification

Validity period: According to ERC

Recommendation: Annual repetition of a resuscitation course

Course confirmation:

Without a valid ERC-ALS provider status: ERC-ALS Refresher Confirmation

With a valid ERC-ALS Provider Status: ERC-ALS Provider Recertification
